

REMOTE LEARNING - SUPPORTING PARENTS & CARERS

What is remote learning?

Remote Learning :

- is **learning** undertaken by children and young people when learners and practitioners are not physically present together
- includes **planned learning** to meet the needs of learners and their families
- enables learners to continue to develop their **skills** and **progress** in their learning and development
- includes **more** than live or online lessons
- **does not** replicate face to face in school teaching
- enables practitioners to **maintain contact** with and to **support** learners

What might remote learning look like?

Remote learning can be supported in a variety of ways. This includes online and off-line learning. Remote learning can take place indoors or outdoors.

Online learning may include:

- live sessions
- recorded sessions
- interaction with practitioners
- chat online
- feedback from practitioners
- group discussions
- sharing learning

Off-line learning may include:

- discussions with your child
- reading
- research or project work
- writing tasks
- practical or active tasks
- learning through play
- other activities not requiring a digital device

What online learning platforms can be used?

In Perth and Kinross, schools and ELC settings use a variety of platforms to support learning and share resources. Click on the links below for further information.

- [Microsoft Teams](#)
- [Seesaw](#)
- [Google Classroom](#)

[Click here for more information](#)

It is important to encourage a balance of time spent online and being physically active away from the screen.

How can I support my child's learning at home ?
