These could take place (weather dependent) on week commencing 29<sup>th</sup> March from the school to the Knock, stopping at particular destinations to incorporate the stations of the cross. 2 classes per day (P7 &amp; P6, P4/5 &amp; P3/4, P2/3 &amp; P1/2) and perhaps P1/2 &amp; P2/3 may have the option of being dropped off by their parents at the base of the knock at the start of the school day. ELC could perhaps complete the Bantry walk to visit the Llamas. Arrangements to be finalised next week after a further discussion with the staff and pupils and a ParentPay payment item and communication to follow.</p>	<p><b>Complete</b></p>

8	<p><b>AOB</b></p> <p><b>1. Discovery Zone</b> Discovery Zone still requires electricity in place, however there is enough natural light at present and groups of children have been accessing the space and the equipment/activities purchased. The long-term plan is to submit an application for solar panels in order to generate power for electricity.</p> <p><b>2. Playtime Equipment Boxes</b> All purchases have been received and the children are really enjoying using these during the lunchbreak. The children have also expressed to Mrs Hunter that they feel empowered and involved as their suggestions were listened too and they understand the full process of fundraising donations from the Christmas Hampers to generate income to be able to purchase items for their use. It was suggested and agreed that more stilts, tennis balls, ribbons, chalk and spiral footballs are purchased as they appear to be the most popular and well used items.</p> <p><b>3.
