Educating hearts and minds since 1891

## *Message*

Today we are the living continuity of all the boys and girls who have been a part of the St Dominic's community over the last 135 years.

We thank the generations of staff, families and parishioners who have supported St Dominic's over these years. They have given us such a rich legacy, and we look forward with faith, hope and love for the future.

Our journey began 135 years ago when the first parents entrusted their children's education to the Dominican nuns who had travelled to Crieff to establish a convent and school.

We are committed to continue this living community, bearing witness to common vision and mission. We are one big family who trust in our faith.

Everyone is equally respected and unconditionally loved in a community that wants to reach out to all, especially the poor and marginalised, and those in greatest need.
